

A Clariance Technologies Company

DRIVING THE FUTURE OF TRANSIT SAFETY

See Earlier. Respond Faster.

AI-Powered Safety

Driver Awareness

Video Evidence

Violation Enforcement

CONNECTED SAFETY INTELLIGENCE FOR TRANSIT OPERATION

SEE MORE: IMPROVE VISIBILITY & AWARENESS

Blind Spot Reduction with Camera Vision Technology

Get expansive visibility of everything outside the bus including beyond the pillar. Gain clearer, wider views than traditional mirrors – in any weather or light.

Around Vehicle Monitoring System

Reduce blind spots around the vehicle.

Vehicle Safety Mirrors

Get a better view around the vehicle.

Surveillance Systems

Increase passenger safety and risk mitigation from every angle.

Dual Camera Surveillance System

Promote better driving habits in single occupant vehicles.

Dual View Assist

Give drivers a better field of view while reversing.

RESPOND FASTER:

ACCESS INFORMATION AND ACT QUICKLY

Wireless Uploading

Access critical video without delay.

Live Video Streaming

See what's happening onboard as events unfold.

Wireless Connectivity

Keep teams connected to critical information.

Live Tracking

Gain comprehensive and instant insight on your fleet.

AI In Action

AI-powered solutions help transit agencies detect violations, identify critical events, and respond more quickly.

Saegic brings together video, enforcement, vehicle safety systems, AI-powered insights, and operational data to help transit agencies see more, respond faster, and make critical decisions with confidence.

REDUCE RISK: PREVENT INCIDENTS AND IMPROVE SAFETY

Driver Behavior and Coaching

Deter distracted driving and reward safe drivers.

Driver Assist Monitors

Display camera views to increase driver visibility.

Infotainment Public Display Systems

Keep passengers informed and aware.

Roof Hatches

Support safer emergency escapes and improve ventilation.

Interior Lighting & Ducting

Improve safety and convenience.

Overhead Parcel and Luggage Racks

Enhanced storage options for a safer journey.

Merge Alert Sign

Caution approaching traffic when a bus is merging.

Warning Lights

Warn approaching motorists to slow down and stop.

OPERATE WITH CONFIDENCE:

IMPROVE ACCOUNTABILITY, COMPLIANCE AND DECISION-MAKING

Evidence Management System

One view to find, review, and resolve incidents faster.

Automated Bus Lane & Camera Enforcement (ABLE & ACE)

AI-powered enforcement automatically detects and documents bus lane, transit stop, and roadway violations.
