TRACKRR LITE

Simple, reliable fleet location tracking

Saegic
A **Clarience Technologies** Company

PRODUCT OVERVIEW

The TrackRR Lite is a cost-effective asset tracking solution designed for fleets that need reliable location visibility without complexity. Ideal for containers, dry vans, dollies, chassis, and off-highway equipment, this compact tracker delivers essential location-only data in a simple, durable package.

SUITABLE FOR ASSETS REQUIRING LOW-FREQUENCY LOCATION UPDATES SUCH AS, BUT NOT LIMITED TO:

- Domestic Shipping Containers
- Storage Containers
- Dolly Trailers
- Storage/Shipping Pods
- Chassis
- Dry Vans
- Box Trucks
- For applications of interest but not listed, please contact our sales team

Can be used as a primary or secondary (stealth) asset tracker.

FEATURES:

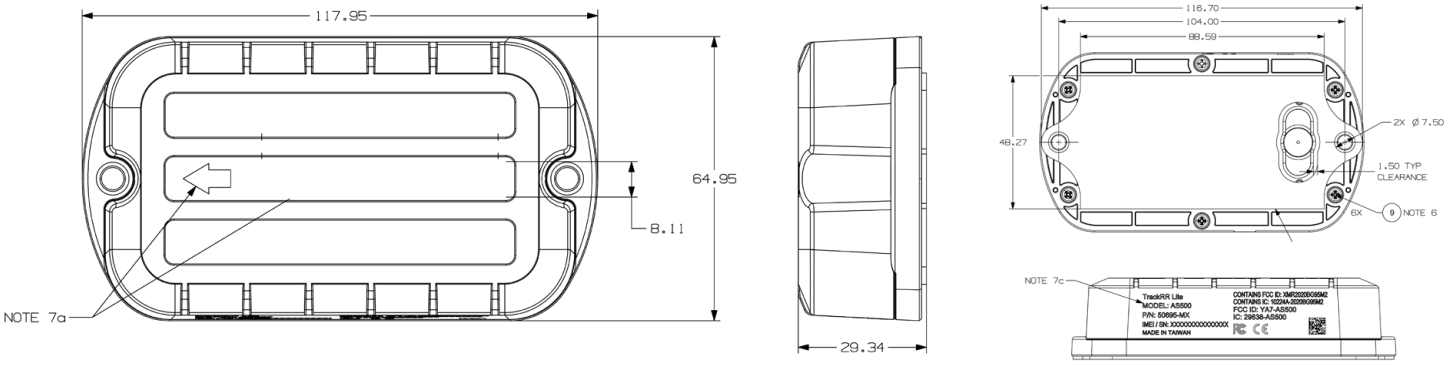

- **No Wiring Required:** Mounts in minutes with VHB tape or screws.
- **Long-Life Battery:** Up to 8 years of dependable operation.
- **Flexible Reporting:** Configurable intervals (1 to 4 pings per day) to match fleet needs.
- **Rugged Design:** IP67/IP69K housing built for harsh environments.

See More. Decide Faster.

From trailer utilization to cargo status, Saegic's Cloud Platform provides real-time operational insight to help you optimize performance, improve asset usage, and stay in control. Accessible from any web-browser, it keeps critical information within reach when decisions matter most.
