REAL-TIME VISIBILITY. ACTIONABLE INTELLIGENCE.

KEEP YOUR FLEET MOVING WITH CONFIDENCE.

TrackRR Gateway *TrackRR Lite* *Cloud Platform*

A NEW ERA OF TRAILER INTELLIGENCE STARTS HERE.

Road Ready is now Saegic. The same trusted team, service, and expertise, now delivering a new generation of connected trailer solutions.

The new TrackRR Gateway, joins TrackRR Lite as part of the Saegic Intelligence Platform; connecting operational data into one intelligent ecosystem, delivering greater visibility, enhanced security, and improved fleet utilization.

With industry-leading integrations and a growing network of partners, Saegic connects the data that powers your fleet and transforms it into actionable intelligence.

Saegic. Be certain.

Saegic

TRAILER INTELLIGENCE FOR REAL-TIME FLEET VISIBILITY

Saegic connects trailer telematics, location, health, utilization, and cargo status in one operational view – helping fleets prevent downtime, improve asset utilization, strengthen cargo security, and keep freight moving.

TrackRR Lite

Simple, cost-effective visibility for powered or non-powered assets that are hard to find or rarely move.

- **No Wiring Required:** Mounts in minutes with VHB tape or screws.
- **Long-Life Battery:** Up to 8 years of dependable operation.
- **Flexible Reporting:** Configurable intervals (1 to 4 pings per day) to match fleet needs.
- **Rugged Design:** IP67/IP69K housing built for harsh environments.

IDEAL FOR: Non-powered trailers, domestic containers, dollies, specialized or high-value equipment, parked assets.

TrackRR Gateway

Advanced trailer intelligence for real-time visibility, diagnostics, and fleet performance insights.

- **Easy install:** Mounts in minutes with VHB tape or screws.
- **2 SKUs:** Integrated solar power, or hardwired option for continuous, long-term operation.
- **Integrated P.S.I. (Pressure Systems International) TireView LIVE (TVL):** The TVL suite of sensors includes TPMS and ThermALERT™ wheel-end temperature monitoring for faster, more reliable, expandable data diagnostics.
- **Rugged Design:** IP67 (solar) / IP69K (hardwired) housing built for harsh environments, and new compact footprint.
- **Integrated Bluetooth:** v5.4, built for scale and industry-best partner integrations (TPMS, lift gate, hubometer mileage).
- **Built-in Diagnostic LED Status Indicators:** Real-time device status during installation or in the field.
- **Seamless Data Integration:** Data is fully accessible through our Cloud Platform for fleet visibility and intelligent asset utilization.

IDEAL FOR: Trailers, dry vans, reefers, flatbeds, tankers.
